You didn't say no when you saw the need.

Now's the time to say "yes".

Dear Friends,

This is your opportunity to work a miracle in the lives of children -- and to begin beautiful new friendships.

When you contacted Christian Children's Fund (CCF) and asked about sponsoring needy children, you took the first step toward establishing unique friendships. These friendships will bring joy and warmth into your life and provide needy children the essentials for a better life, and also the wonderful knowledge that someone like you cares.

And now, I want to introduce to you the children selected for your assistance. In the enclosed Sponsorship Folders you will find recent photos of your children along with some personal background information. Also included is information about the specific services provided the children through sponsorship.

When you read about these youngsters -- I hope you'll agree to become a CCF sponsor immediately.

As your children's only sponsor, your CCF sponsorships become very personal, one-on-one relationships. The bonds that unite sponsors and children enable those of us who have so much to share some of our good fortune, and for those who have almost nothing to share themselves.

We are particularly proud of the fact that at least 80 percent of your monthly sponsorship contribution goes directly to programs assisting your sponsored children. I hope this will further convince you to become part of our sponsorship family.

You're invited to ask for a copy of CCF's current annual report. Simply contact our office.

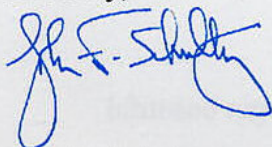

Your sponsorship will formally begin the moment we receive your first monthly contribution along with the enclosed Sponsorship Enrollment Forms.

If, after reading through all of the enclosed material, you still have questions about your CCF children or our sponsorship program, simply write or call us at 1-800-776-6767.

To help answer your questions quickly, indicate your assigned contact number as shown on your Sponsorship Enrollment Forms.

Please take the next step to begin your relationships with these children by enrolling as a CCF sponsor today. Your commitment of love and hope will make a lasting difference.

Sincerely,

John F. Schultz
President
